

Shivam Kesarwani

This is to certify that Shivam Kesarwani has successfully completed his internship with Devlupers. He served as a "MERN Stack Intern" from 20.2.2026 to 20.08.2026.

During his tenure, Shivam demonstrated commendable eagerness to learn, understand, and adapt to new technologies and assigned responsibilities. He worked diligently on various projects involving MERN stack development, complex business logic, API development, database management, and frontend/backend integration.

His commitment to acquiring new skills and knowledge, along with his ability to effectively contribute to development tasks, has positioned him well for future professional endeavors. Throughout the internship, he exhibited the qualities of a dedicated, responsible, and promising professional.

In recognition of his performance and contribution, Shivam is always welcome to work with Devlupers again in the future. This reflects the dedication, professionalism, and value he brought to our team during his internship.

We extend our best wishes to Shivam Kesarwani for his future endeavors and continued success.

Sincerely,

Shivam Prajapati

CEO
